

PICK-of-LIFE

Essential Gear for Winter Adventures and Ice Safety

These self-rescue ice awls are critical lifesaving tools for anyone venturing onto frozen surfaces.

► Our Pioneering & Innovative Self-Shielding Design

Prevents accidental puncture of clothing and equipment

► Secure Grip for Rescue

Contoured handholds provide a secure grip to pull self to safety

► Extra Long High Visibility Lanyard

Six-foot lanyard with bright, high-reflection, fluorescent tracers woven in for high visibility

► Professional Product

Manufactured in the USA from engineering plastic, aircraft aluminum, stainless steel, and US Coast Guard approved flotation foam

Trusted by Ice Rescue Professionals and Serious Outdoor Enthusiasts

Choose authentic quality and avoid unreliable imitations. Perfect for ice fishermen, snowmobilers, cross-country skiers, and all outdoor enthusiasts, Pick-of-Life is the trusted choice for safety and rescue.

Why Choose Pick of Life?

Ergonomic Excellence

Fits seamlessly into the shoulder pocket of professional ice rescue suits for storage. It also hangs conveniently around your neck for ready access.

Engineered for Safety

Features foam inserts that resist internal freezing, ensuring top performance in all conditions.

Always Readily Accessible

The floating design guarantees accessibility when it matters.

Proven Reliability

Trusted by rescue personnel globally for over 30 years.
